POWER IN THE PALM OF YOUR HAND

- Co-branded Partner App
- Mobile 1003
- Customizable look and feel
- Payment and affordability calculators
- Secure portal to send and receive documents
- Contact management feature
- Access to loan pipeline on the go

APPLY FROM ANYWHERE

- Borrowers are able to complete a full 1003 right from their apple or android device
- Consumer Connect online 1003 pushes application directly into Encompass
- automated asset verification enables borrowers to pull and submit asset verification automatically upon completion of 1003.

co-brand in four easy steps

step 1 - add partner information

1 Add Partner 2 Personalize 3 Add Buttons 4 Send App 5 Success!

Add a new partner

To make an existing app user a partner, find them in the app users page and choose "Convert app user to partner" from the dropdown menu.

First name *
ralph

Last name *
referralpartner

Mobile phone
(717) 999-8827

Email *
ralreferralpartner@fakeprofile.com

CONTINUE SKIP FULL SETUP

step 2 - personalize

Personalize the app for them

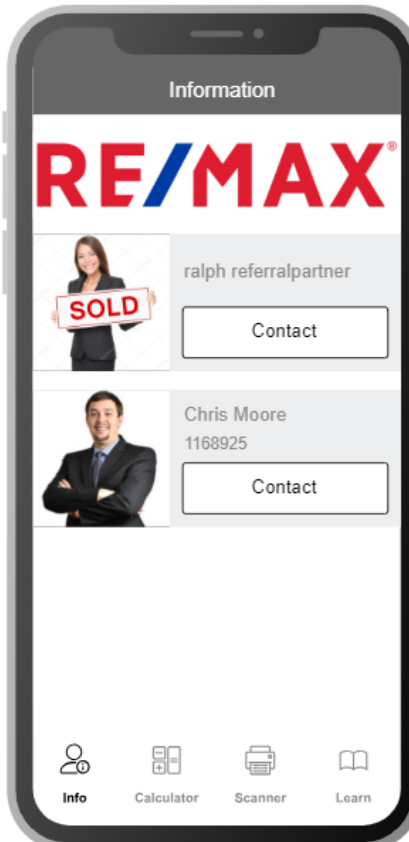

Check out the partner's LinkedIn page, website, or email signature to find their company logo and photo.

ADD PHOTO ADD LOGO

CROP & SAVE PARTNER LOGO

MORE ^

- List partner first in app
- Allow partner to update app and view their customers

step 3 - add buttons

Add Link

Type: My Listings

URL: http://www.google.com

Cancel OK

step 4 - share

Text co-branded app

To edit your default messages, go to Templates from the main menu.

Share with borrower

- custom workflows

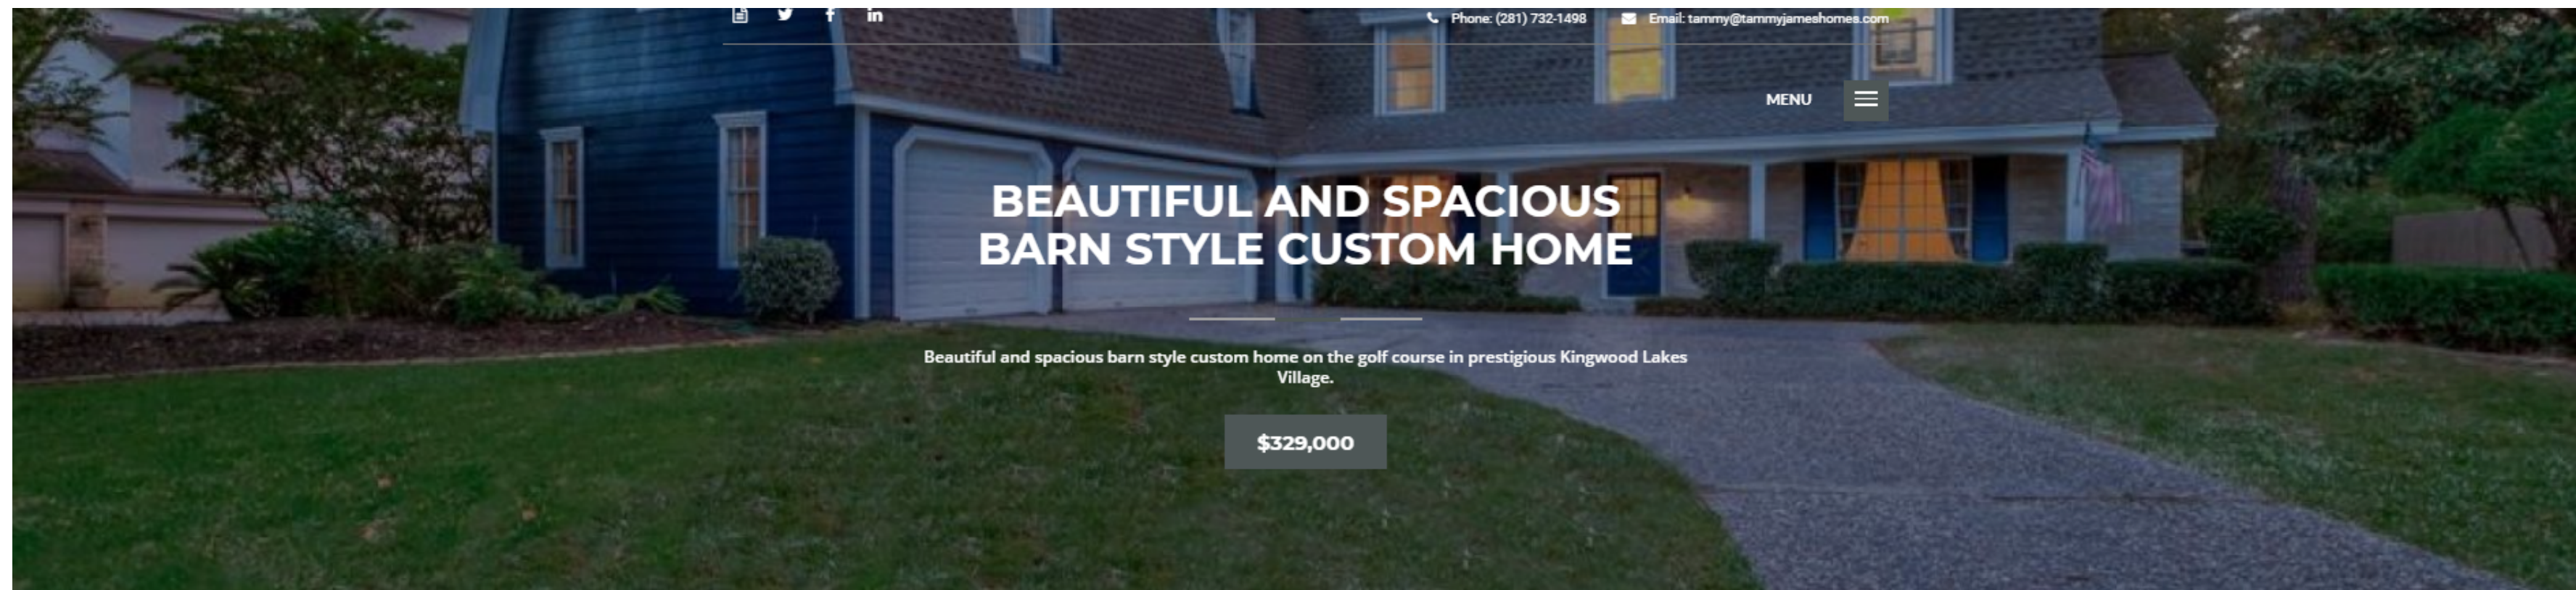

dashboard makes accessing common features simple

- Customize which features you are able to access from dash
- Push notifications on dashboard widgets let you know when something needs your attention
- Can sync calendar and tasks tools to outlook calendar

generate property specific websites for listings

2507 PINE BEND DRIVE, KINGWOOD, TX, 77339

A screenshot of a property description page. On the left is a photograph of the same blue barn-style house. On the right, there is a dark grey box with white text. The section is titled "DESCRIPTION" and contains a paragraph of text: "Beautiful and spacious barn style custom home on the golf course in prestigious Kingwood Lakes Village which has been totally remodeled, in the last quarter of 2018, w/ walls removed making an open floor plan. In addition to being 3519 sqft there is a huge 653 sqft game room/media room upstairs over garage accessible from the house. Kitchen w/new shaker style soft close cabinets, huge island and quartz counter tops. All interior lighting replaced as well as flooring. fireplace can be enjoyed from either the master bedroom or living room. Master suite has stunning golf course views and a wet bar. 3 car garage and Cul-de-Sac street. Walking distance to Kingwood Country Club, Kingwood High School and Town Center. Ideal location for commute to Airport, Downtown or Humble. Do not miss this one!". Below the description are four circular icons with corresponding text: "Square Feet 3519", "Bedrooms 5", "Year Built 1981", and "Bathrooms 3.5".

- Generate in minutes with little more than listing MLS #
- Share to various social media platforms with the click of a button
- Generate open house fliers to match single property site
- Centralize important home information to limit lead-generating behaviors
- Offer referral partners more value
- Help your borrowers find and purchase homes faster

set yourself apart with co-branded open house fliers

- Generate as a result of same process that generates single property website
- Full access over which of available flier pages will print in each packet
- Print for your partner or send them .pdf file to enable them to print as many as they would like
